Town Fathers Not a Unit On Wednesday Half Holiday At Monday Night's Meeting

The town fathers were called upon to deal with a great deal of business at the regular meeting of the council on Monday evening.

One of the principal matters that came before the meeting was the consideration of the largely signed petition from business men of the town asking for the passing of a by-law setting aside Wednesday afternoon, from June 1 to August 15, inclusive, as a half-holiday.

L. C. Porteous moved that the town solicitor be asked to prepare a by-law.

The question then being before the council, a discussion followed.

Councillor Henning said that he thought the public should be considered. He had been a farmer himself and he knew what it was to drive miles and then find the places of business closed.

From the standpoint of service he was opposed to such a by-law.

Councillor Charters could not see the justice of closing one line of business and letting the others keep open.

Councillor Croken said that he was certainly opposed to such a by-law.

He pointed out that stores in the country kept open six days a week.

A vote was taken and the by-law was defeated.

The following were the Mayor, Porteous, Shaver, Spencer, Agnew, Henning, Charters and Croken.

Wm. Sharpe Is Again Chairman Hospital Board

The new hospital board held its first meeting in the dining room of the hospital on the evening of Thursday, May 11. Wm. Sharpe, re-elected chairman. The other members were Capt. Blake, F. Stephenson, Jim McFarlane, Bert Hyley, Gordon Sherer, C. O. Paul, and C. B. Brown.

The main portion of the business dealt with was of a routine nature.

A letter was read from the Vancouver Board of Trade asking for financial assistance to help retain the district nurse.

While in sympathy with Vancouver, no provision had been made in the aid and as it would set a precedent under which other districts could claim aid, it was decided, under the circumstances, not to grant the request.

Attention was drawn to the fact that a petition was being circulated in Local Improvement District 772, an area southwest of Hinton, to test the feeling of the residents as to whether or not they wish to join up with the hospital district.

It 60 per cent of the residents sign up in favor of coming into the district a vote will not be taken.

Correspondence was read from Local Improvement District 797 wanting to know what steps should be taken in the event the district wished to withdraw from the hospital district. It is thought that when the people of that area get the proper information regarding the hospital district, the request of the area, especially in the impression they are not entitled to the taxpayers' rate.

The necessary information has been sent out.

Mr. L. E. De Jong was re-appointed auditor.

Dist. Agriculturist Delivers Lantern-Slide Lecture

DELOIT.—On Friday evening W. J. Thomson, district agriculturist, delivered a most interesting lantern-slide lecture in the Deloit Country Club Hall.

At the outset of his address Mr. Thomson explained that the object of both his address and use of lantern slides was to stimulate raising of the right type of stock demanded by the market.

Included in the slides were pictures of practically every class of horse and cattle, especially those raised by the ordinary farmer.

For good measure, and in order to leave variety to the lecture, Mr. Thomson showed farm scenes taken in some of the other districts in the central part of the province, demonstrating what is finally possible in the building up of the home.

He also showed several scenes taken in the mountains, some by himself and others, and some by Mr. Oshorne, a slide and hunter of big game.

Those attending, which are colored, demonstrate that it is not necessary for Canada to leave their own country to enjoy the finest scenery in the world—a fact often overlooked.

SIGNS OF PROSPERITY'S RETURN

With the coming of spring Wembley feels that the back of winter's domination is broken and that we are well away to better days.

Several new fences of a respectable kind are being built and old ones torn down and taken away. The new fences are being made to some houses and the paint brush is beautifying the exterior and interior of many homes.

A new spirit of optimism seems to be quite in evidence.

YOUNG PEOPLE HAVE LEADING PART IN MOTHER'S DAY CHURCH SERVICES

Mother's Day was observed last Sunday at St. John's Anglican church, Wembley. The choir and young people of Wembley took the leading part in the church services. Addresses were given by two of the young people, Margaret Archer and Jack Rogers. They were well received.

By Jack Rogers

I have been asked to say a few words in connection with Mother's Day. I think we younger folk should welcome the occasion, because it gives us an opportunity to show our appreciation to the older folk, and we should also accept the fact that we are individually and in our homes. In spite of depressing times, an abundant heritage is being left to us by our fathers, through their sacrifices, work and planning. We have throughout the greater part of the world, a great educational system, our hygienic laws and customs, our modern conveniences, these institutions did not just happen, but are the result of the unselfish work and sacrifice of our forefathers, men and women, and we should be thankful to them for the life of Christ's life on earth, have carried on from generation to generation with unselfish interest in the welfare of the world. It has been said by a great writer that his own history is the history of his fathers. I think that our historians have put too much stress on the domineering of such men as Napoleon. Many writers seem to think that the chronicle of torture, cruelty and injustice is real history. In my opinion the important portion of real history is the life of the common people. As I have learned about Palestine, when he found remedies for disease, about Lincoln when he freed the slaves, about the great missionaries, who sacrificed their all to teach the life of Christ to the heathen; about great scientists, inventors, church statesmen, orators, and educators.

Boys and girls, the heritage left to us by our forefathers has created in us a tremendous responsibility—it is our duty to prepare ourselves to carry it on, and if we neglect to do this we are sinners; because he that has power to do good and does not it, sins. It is therefore our duty to prepare ourselves as individuals, so that we will be more able to help the world.

As individuals we have to learn of Christ's way of life for all men. We have to possess a heart that is interested in each other. We should cooperate and co-ordinate in all phases of community life.

It is in our power towards the upbuilding of our nation, to have our own nations. Human society will never be fully realized until every human being regards his neighbor as a member with himself of a vast family that must seek and seek to help.

In making these things, if we depend on the League of Nations, disarmament conferences and the like, we are in a false position. We should be able to do these things for ourselves. The final solution is to be found in the principles of Christianity.

What Place Does the Home or Family Share in the Work of the Church?

By Margaret Archer

It has been said that the home is the nursery of the church. It is the place where the child receives its first breath of life. For the first time the child is its life it learns to form habits good or bad. It learns the first principles of its mother and here is laid the foundation for the child's future spiritual life. And so you see the home is a very important place and great responsibilities rest upon it. Every child is born a child of God. The church of home says that if they can get at child during the first

SEVEN YEARS OF ITS LIFE THEY CAN MAKE

of a true home. Catholic. If this is true of the Roman Catholic Church, how many of you parents know who have had questions first at "Who is your mother?" How many parents leave them to be answered by the Sunday school teacher? And has the Sunday school teacher half a chance when he has the child only one hour in the week?

If the child is blessed with Christian parents, what a blessing. The Lord makes much of family and home life. He binds together parents and children in holy tender bonds. He has given us the promise: "Believe on the Lord Jesus Christ and thou shalt be saved and thy house." A strong church is made up of well ordered families, families in which Christian principles are brought into the children in the nurture and admonition of the Lord. In such homes the home of the week has its counterpart in the home of the Sabbath. Such a home is a blessing to the church, where young men and maidens are reared when it is said to them: "Let us see the fruit of your teaching."

Yes, the responsibility of parents is great. For some years you stand in the place of God, and you must do as much to either make or mar them. No one can take the place of the work of the parents. Sabbath Home training—what may it not accomplish for your child, what fruits of grace may it not bring to the child, what may it not do for the church? Let us not be faithful to our solemn charge, but let us be faithful to the Lord.

Let us not be faithful to our solemn charge, but let us be faithful to the Lord.

Yes, the responsibility of parents is great. For some years you stand in the place of God, and you must do as much to either make or mar them. No one can take the place of the work of the parents. Sabbath Home training—what may it not accomplish for your child, what fruits of grace may it not bring to the child, what may it not do for the church? Let us not be faithful to our solemn charge, but let us be faithful to the Lord.

The Young People's Society of Wembley United Church took the leading part in the Mother's Day services here on Sunday.

A special reading was made by Betty Hulse and Corrie Nelson. The Junior choir, assisted by Mrs. Archer, Mrs. Hulse, and Mrs. Johnson, and Ben Hulse, presented three beautiful selections. "What Is My Wandering Boy Thinking?" Tell Mother I'll be home soon. "Home Sweet Home" soloists being Mrs. Archer, Irene Carr, Ben Hulse, and Corrie Nelson. Mrs. Carr was the accompanist. A medley of well-known hymns was given by Edith Hulse, and Jack Rogers. This service was warmly enjoyed by those present and we hope to have the privilege of hearing these young people again.

Miss Alice Rutherford spent the week-end at her home here. Her marriage took place in April, entertained at a dance in the Veterans hall on Friday night last.

Alberta Crop Report

(Issued by the Department of Agriculture, Edmonton, Saturday, May 11)

With an unusually late start, and with still occasional interruptions in some districts by rain and rather backward weather, seeding of wheat has been making slow progress over the greater portion of the province.

At this date it is now fairly general over the entire area save in the Peace River and northern districts, where the drills are just commencing work.

In the southeastern districts a considerable amount of wheat is already in the ground, up to 60 per cent in a few sections, but for the remainder of the province the proportion completed is from 5 to 25 per cent, save in the extreme north.

In the southeastern districts about the middle of April and was somewhat by the 25th, with the occasional interruption. In the northwest seeding did not get fairly started until towards the first of May, and is general at this date.

In the central districts, the same applies, but in the northern areas spring work on the land did not get under way in any extent until May 1, and seeding has just started.

In the southern areas there are indications of a serious grasshopper infestation. The provincial department of agriculture is making elaborate plans to handle the situation and have already the organization under way for the poisoning campaign and establishment of mixing stations at various points.

The federal officials located in the province will co-operate in the campaign. Arrival of rains with chilly weather in some districts has helped to mitigate the situation.

Moisture conditions in all parts of the province are excellent. According to reports received, the sub-soil is well provided with moisture at all points and there is a good deal of surface moisture, augmented now by fairly central rains, which have been rather heavy in the north central area.

The germination of the new crop is expected to be uniformly good.

Leithbridge reports the best spring precipitation records for some years, and most points from which records are obtainable show fairly good April precipitation. Medicine Hat had 1.14 inches; Leithbridge, 2.46; Macleod, 1.86; Cardston, 2.44; Calgary, 2.22; Brooks, .88; Coronation, .56; Lacombe, .54; Beaverlodge, .36.

Many of the points from which there are records show precipitation for the fall and winter months exceeding the average of the previous five years, and also show very satisfactory precipitation totals for the period from August to April of the past season. The following table gives some interesting figures in this connection:

	Aug. to Dec. 1932	Aug. to Dec. 1931	Aug. to Dec. 1930	Aug. to Dec. 1929	Aug. to Dec. 1928
Medicine Hat	7.49	4.81	11.14	1.14	1.14
Leithbridge	8.21	6.09	13.63	2.49	2.49
Macleod	6.52	5.75	9.62	1.86	1.86
Cardston	6.49	6.46	...	2.44	2.44
High River	11.21	8.77
Calgary	5.00	5.55	8.12	2.22	2.22
Brooks	4.94	4.6288	.88
Lacombe	5.50	7.78
Edmonton	4.10	5.17	7.75	.50	.50
Hanbury	2.37	6.19
Vermilion	2.81
Albany	2.58	6.14
Beaverlodge	5.84	6.12	11.32

BLAME THE TRANSLATOR British Authority Says Cinderella's Slippers Were Fur and Not Glass

Cinderella's slippers, popularly supposed to have been made of glass, really were made of fur, according to Sir Gerald Wollaston, former king-of-arms and an authority on heraldry. He told members of the Royal Society of Antiquaries that the word "glass" was made of "vair," which is heraldic fur of white and blue. The other idea, he said, came from a confusion with the French "verre" meaning glass.

A meeting to organize a C. G. I. T. camp for this year was held in the basement of St. Paul's United Church on Monday.

Miss Glibbo, Provincial Girls' Work secretary; Mrs. W. Edgar of Wembley; Mrs. O. B. Harris, Mrs. D. Wishart, Misses H. Saunders, L. Knight, H. Bromley, and C. Callister. The date of the camp was set for July 2 to 14 at the site to be the Beaverhead River.

The cost of the camp will be \$4.82 of which may be brought in provisions.

It is expected that Miss McElin of Beaverhead will direct the camp and that the local leaders will attend. The camp provides eight days of rest and worthwhile activity and it is hoped that parents will make an effort to have their 'teen-age' daughters attend.
